## **Security Policy For NHRVR Web Application**

### **Introduction**

This document has been produced to ensure that:

- High level security in terms of patients confidentiality, centre confidentiality, integrity and availability of data information is maintained at all time.
- All Source Data Producers (SDP) and site coordinators are aware of their authority and accountabilities as stated in the Authorization List.

### **Management**

#### **A) User Level**

1. Do not disclose your user ID or password to anyone else
2. Do not give your mobile phone to anybody else while logging into the web application.
3. Log in the pin number immediately after receiving the number via SMS.
4. Users are responsible to update/edit their own center data.
5. Should the user lose their mobile phone or change a new mobile phone number please notify:
6. NHRVR Database Administrator: 03 - 4041 8615
7. Password management as per Appendix A (Security Practices)
8. Should the user forget their password, please fill in the web form at the Forgot Your Password link at log in page of the web application. It is compulsory for user to provide log in name, \*user name and mobile phone number for verification purpose.

#### **B) Centre/Institution Level**

1. Agree to allow other authorized users within the same institution as per Authorization List for their specific responsibilities.
2. Ensure that your database is updated regularly to maintain its real-time accuracy.
3. Agree to share aggregate data from your centre for the purpose of research by qualified researchers, or for any other purpose by persons demonstrating a need to access NHRVR's database following approval by the Technical Committee of NHRVR.
4. The SDPs themselves hold sole responsibility with regards to data release of their own patients to the respective third parties.

Information in this document is subject to change without notice. No part of this document may be reproduced or transmitted in any form from the NHRVR Chairman.

## Security Practices

**As a good security practice you are strongly advised to:**

### **Keep your password confidential!**

- Avoid sharing or divulging your Password to anyone. This includes any person who may appear to represent or work for the Registry. Our administrator never requires your password at any time.
- Avoid using the same Web Application Password for any other web-based services such as for e-mail or for Internet Service Provider login.
- Avoid choosing a Password that is easily anticipated by a third party, like your NRIC number, telephone number, date of birth, etc.. You should select a unique Password to make it difficult for anyone to anticipate.
- Avoid writing down or saving your Password on your browser or any other software. Memorize your Password.
- If you suspect your Password may have been compromised, change your Password immediately.

### **Ensure you are accessing the correct website!**

- Never access the website via a hyperlink from an e-mail. Always enter the correct website address yourself, which is <https://nhrvr.crc.gov.my>

### **Only access Web Application using a secure and trusted computer!**

- Never access your Web Application on Computers/devices which you have doubts with regard to security, such as those located in public places. If you have to use computers (for example, when you are on trips), change your password once you have access to a secure computer.
- Keep your operating system (eg. Microsoft Windows) and Internet-related software updated with the latest security patches.
- Protect your computer from viruses and malicious programs with anti-virus software and firewalls where possible. Always update your anti-virus software with the latest virus signatures.
- Always log out your online session by clicking on the “logout” button whenever you leave your computer, even for a short while. Do not simply close the browser window when you wish to end the Web Application session.
